TCA WELCOMES NEW LOOK NAFI BOARD

Timber Communities Australia welcomes the new look National Association of Forest Industries Board.

“The NAFI Board has always been strong but to merge Tree Plantations Australia and NAFI with a board representing the whole of industry is an extremely positive move”, said Jim Adams, CEO of national grassroots community organization Timber Communities Australia (TCA).

“The new NAFI Board encompasses the industry of today which is hardwood, softwood, native and plantation. This move has the potential to assist in the unification of the industry which will result in the strengthening of timber communities”, said Mr. Adams

The appointment of Bob Pearce as the President of the Board has also been welcomed by TCA.

“Bob Pearce in his role as Executive Director of the Forest Industries Federation of Western Australia has always been supportive of timber communities and recognizes the need for triple bottom line reporting which includes the social responsibilities of industry and government”, Mr. Adams said.

“TCA is the only grassroots community organization in the Australian timber industry and therefore looks forward to providing a voice for timber communities in the *Special Interest Groups* within the new NAFI structure”, concluded Mr. Adams.
